SUMMARY OF CHANGES

This e-Invoice Specific Guideline (Version 3.1) replaces the e-Invoice Specific Guideline (Version 3.0) issued on 30 July 2024. The key changes made to this Guideline are summarised in the table below:

Paragraph in e-Invoice Specific Guideline (Version 3.0)	Changes In This Specific Guideline (Version 3.1)		
	Paragraph	Item	Reference
3.7.4	3.7.4	Rephrased	Clarification
3.7.5	-	Removed	Clarification

1. INTRODUCTION

- 1.1 Inland Revenue Board of Malaysia (IRBM) has issued the e-Invoice Guideline on 21 July 2023.
- 1.2 The e-Invoice Guideline addresses the scope of implementation of e-Invoice, covering the concept of e-Invoice and step-by-step guidance on the e-Invoice workflow.
- 1.3 The IRBM has issued e-Invoice Specific Guideline in response to the need for further guidance on specific areas of e-Invoice, aiming to aid taxpayers in gaining a better understanding of certain e-Invoice treatment and ultimately, to successfully implement e-Invoice.
- 1.4 The appendices to this document form part and parcel of this e-Invoice Specific Guideline. The information provided in the appendices provide additional guidance to taxpayers on how to complete the requirements for issuance of e-Invoice as well as to enhance taxpayers' understanding on e-Invoice implementation using general and industry-specific examples.

2. OBJECTIVE

This Specific Guideline is to provide further guidance on the issuance of e-Invoice relating to the following areas:

- i. Transactions with Buyers
- ii. Statements / Bills on a periodic basis
- iii. Disbursement and reimbursement
- iv. Employment perquisites and benefits
- v. Certain expenses incurred by employee on behalf of the employer
- vi. Self-billed e-Invoice
- vii. Transactions which involve payments (whether in monetary form or otherwise) to agents, dealers or distributors
- viii. Cross-border transactions

- ix. Profit distribution (e.g., dividend distribution)
- x. Foreign income
- xi. Currency exchange rate
- xii. E-commerce transactions
- xiii. e-Invoice treatment during interim relaxation period

3. TRANSACTIONS WITH BUYERS

- 3.1 Currently, businesses (Suppliers) will issue a receipt / bill / invoice in hardcopy and/or softcopy (e.g., via e-mail) to customers (Buyers) to record a transaction (e.g., sale of products or provision of services to Buyers for personal consumption).
- 3.2 Upon implementation of e-Invoice, Suppliers are required to issue e-Invoice for all of its transactions. However, certain Buyers, particularly customers and certain businesses, may not require an e-Invoice as proof of expense.
- 3.3 To assist the Suppliers in complying with e-Invoice requirements and to reduce the burden to both Suppliers and Buyers, the IRBM allows the Suppliers to consolidate the transactions with Buyers (who do not require an e-Invoice) into a consolidated e-Invoice on a monthly basis.
- 3.4 Figure 3.1 provides an overview of invoicing process.

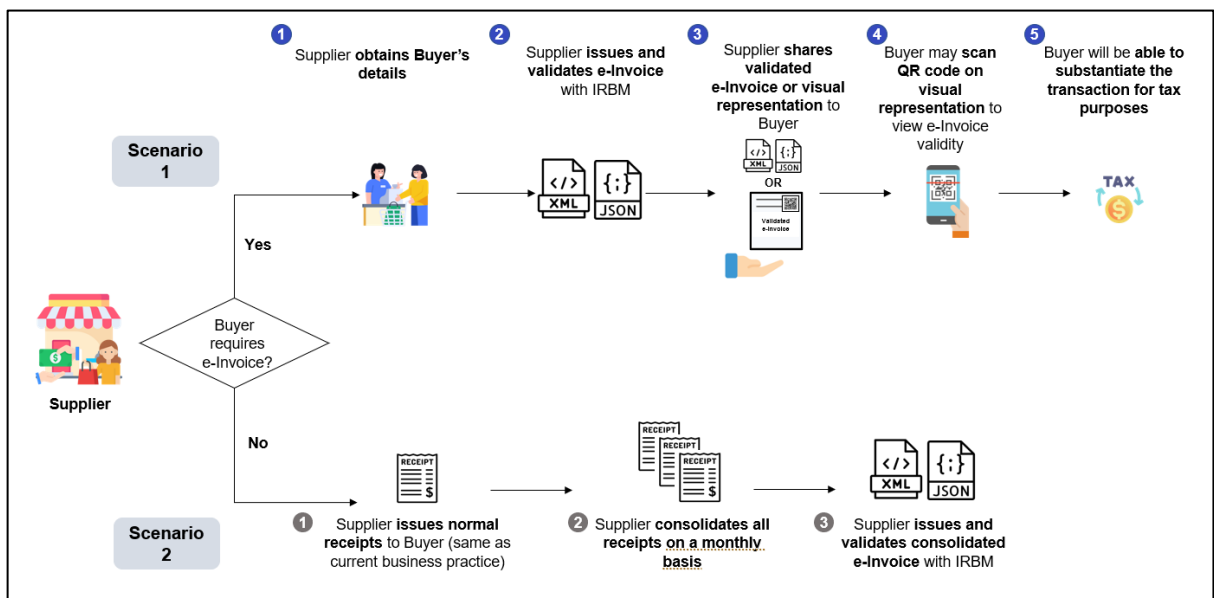

Figure 3.1 – Overview of invoicing process

3.5 Scenario 1: Where the Buyer requires an e-Invoice

3.5.1 In relation to a particular transaction, Buyer that requires an e-Invoice would need to make a request by informing the Supplier accordingly.

3.5.2 Upon receiving the request from the Buyer for an e-Invoice, Supplier obtains the Buyer's details (refer Table 3.1 of this e-Invoice Specific Guideline for further details) required for the issuance of e-Invoice.

3.5.3 In summary, the steps involved for issuance of an e-Invoice to Buyer are as follows:

Step 1: Supplier seek confirmation from Buyer if an e-Invoice is required.

Step 2: If the Buyer confirmed that he / she requires an e-Invoice, the Buyer is required to furnish the Supplier with the required information to facilitate the issuance of e-Invoice (refer Table 3.1 of this e-Invoice Specific Guideline for further details).

Step 3: The Supplier is required to complete the remaining required fields as outlined in Appendices 1 and 2 of e-Invoice Guideline and proceed to issue an e-Invoice.

The process of issuing an e-Invoice is similar to the e-Invoice workflow as discussed in Section 2.3 (e-Invoice model via MyInvois Portal) and Section 2.4 (e-Invoice model via API) of the e-Invoice Guideline.

Step 4: The validated e-Invoice can be used as the Buyer's proof of expense, to substantiate a particular transaction for tax purposes.

3.5.4 In facilitating a more efficient e-Invoice issuance process as well as to ease the burden of individuals in providing their Tax Identification Number (TIN) and identification number details, IRBM provides the following concession to individuals:

(a) For Malaysian individuals to provide either:

- i. TIN;
- ii. MyKad / MyTentera identification number; or
- iii. Both TIN and MyKad / MyTentera identification number.

(b) For non-Malaysian individuals to provide either:

- i. TIN; or
- ii. Both TIN and passport number / MyPR / MyKAS identification number.

For clarity, (b)(i) refers to the TIN assigned by IRBM. In the event that the non-Malaysian individual does not have a TIN, Supplier may use the general TIN (as listed in Appendix 1 of this e-Invoice Specific Guideline), along with the passport number / MyPR / MyKAS identification number of the said individual.

3.5.5 In summary, the details to be provided by the individual Buyers for the issuance of e-Invoice are as follows:

Example 1

Mr. Soo (Buyer) spent RM2,500 to buy a smartphone from Global Telco Sdn Bhd (Supplier) and has requested for an e-Invoice to be issued.

Global Telco Sdn Bhd has requested for Mr. Soo's personal details to proceed with the issuance of e-Invoice. Mr. Soo has provided all the details required (including his MyKad identification number),

except his TIN. Global Telco Sdn Bhd is still able to issue an e-Invoice to Mr. Soo despite Mr. Soo's TIN has not been provided.

Upon receiving the validated e-Invoice, Mr. Soo will be able to use the validated e-Invoice as a proof of expense to substantiate for tax purposes.

Figure 3.2 illustrates an example of visual representation of validated e-Invoice issued by Global Telco Sdn Bhd to Mr. Soo.

Note: The above example is for illustration purposes only and are subject to changes.

3.6 Scenario 2: Where the Buyer does not require an e-Invoice

3.6.1 Where the Buyer does not require an e-Invoice, the Supplier will issue a normal receipt to the Buyer (same as current business practice). However, such receipt would not be required to be submitted for IRBM's validation as this document is not e-Invoice.

3.6.2 Supplier will be allowed to aggregate transactions with Buyers who do not require an e-Invoice on a monthly basis and submit a consolidated e-Invoice to IRBM, within seven (7) calendar days after the month end.

3.6.3 For consolidated e-Invoices, the IRBM allows the Suppliers to adopt one (or a combination) of the following methods:

(a) The summary of each receipt is presented as separate line items in the consolidated e-Invoice (refer Figure 3.7 of Example 4)

(b) The list of receipts (in a continuous receipt number) is presented as line items (i.e., where there is a break of the receipt number chain, the next chain shall be included as a new line item) (refer to Figure 3.3 of Example 2).

(c) Branch(es) or location(s) to submit consolidated e-Invoice, adopting either (a) or (b) above for the receipts issued by the branch(es) or location(s).

3.6.4 In order to improve the performance of the MyInvois System, the following limitations have been put in place:

(a) maximum size of 5MB per submission;

(b) maximum of 100 e-Invoices per submission; and

(c) maximum size of 300KB per e-Invoice.

As such, Suppliers are allowed to split the receipts into several consolidated e-Invoices to meet the above requirements.

3.6.5 Kindly note that consolidation does not apply to self-billed e-Invoice, except for the following self-billed circumstances:

- (a) transactions with individuals (who are not conducting a business)
- (b) interest payment to public at large (regardless businesses or individuals)
- (c) claim, compensation or benefit payments from the insurance business of an insurer to individuals (who are not conducting a business)

3.6.6 The timing of issuance of consolidated self-billed e-Invoice is similar to the timing of issuance of consolidated e-Invoice as mentioned under Section 3.6.2 of this e-Invoice Specific Guideline (i.e., submit consolidated self-billed e-Invoice to IRBM on a monthly basis, within seven (7) calendar days after the month end).

3.6.7 In relation to the consolidated self-billed e-Invoice, Buyer (assuming the role of the Supplier) will be required to complete the Supplier’s details and certain transaction details using the following information:

Example 2

Hibiscus Mart Sdn Bhd (Hibiscus Mart) is a small retail business that offers a wide range of food products and beverages via its two (2) branches located in Penang and Kuala Lumpur. The following represents the number of transactions with normal receipts issued alongside with the total sales made by each branch (with no e-Invoice issued) in October:

- (a) Penang branch: 500 transactions amounting to RM25,000
- (b) Kuala Lumpur branch: 2,000 transactions amounting to RM65,000

Within seven calendar (7) days after the end of October (i.e., by 7 November), Hibiscus Mart issues two (2) separate consolidated e-Invoice after aggregating the total sales from each branch i.e., one e-Invoice for Penang branch and another e-Invoice for Kuala Lumpur branch and its corresponding sales for each branch. Hibiscus Mart consolidated the sales by presenting each receipt number chain as separate line item. Note that Hibiscus Mart is required to include all the receipt reference numbers that made up to the total sales in “Description” field for the relevant branch.

Meanwhile, Cer-Mart Sdn Bhd, a competitor of Hibiscus Mart, who has four (4) branches located at the same area as Hibiscus Mart as well as in Malacca and Ipoh, has issued a consolidated e-Invoice to record its sales for the month of October. Sales made by each branch of Cer-Mart in October (with no e-Invoices issued) are outlined as follows:

- (a) Penang branch: 2,500 transactions amounting to RM75,000
- (b) Kuala Lumpur branch: 5,800 transactions amounting to RM125,000
- (c) Malacca branch: 1,300 transactions amounting to RM22,000
- (d) Ipoh branch: 1,850 transactions amounting to RM25,300

Unlike Hibiscus Mart, Cer-Mart Sdn Bhd decides to consolidate its sales revenue of each branch in separate consolidated e-Invoices by presenting each receipt as a single line item. Note that Cer-Mart

is required to include all the receipt reference numbers that made up to the total sales in “Description” field.

3.6.8 In any event, if Buyers require an e-Invoice after receiving a receipt from the Supplier, the Buyer can request for an e-Invoice from the Supplier within the month of the transaction. The aforementioned timeframe allows the Supplier to have a cut-off for the receipt to be aggregated for into the consolidated e-Invoice.

3.6.9 Buyers are encouraged to request for an e-Invoice as soon as possible after receiving the receipt to ensure that the request will be processed by Supplier in a timely manner. Conversely, Suppliers are advised to ensure that they will be able to create and submit e-Invoice to IRBM for validation as soon as possible to ensure that the Buyers’ request for e-Invoice can be fulfilled promptly.

3.6.10 In summary, where a Buyer does not require for an e-Invoice to be issued, the steps involved for issuance of consolidated e-Invoice are as follows:

Step 1: Supplier to seek confirmation from Buyers if e-Invoice is required.

Step 2: If Buyers confirmed that no e-Invoice is required, Supplier would continue to issue receipt to the Buyers (same as current business practice).

Step 3: Within seven (7) calendar days after end of the month, Supplier will retrieve the details of all the receipts that were issued for the previous month and issue a consolidated e-Invoice as proof of Supplier’s income.

Step 4: The Supplier will issue the consolidated e-Invoice as per the required fields as outlined in Appendices 1 and 2 of e-Invoice Guideline.

The process of issuing a consolidated e-Invoice is similar to the e-Invoice workflow as discussed in Section 2.3 (e-Invoice model via MyInvois Portal) and Section 2.4 (e-Invoice model via API), with the following exceptions:

- Once the consolidated e-Invoice has been validated, IRBM will send notification to the Supplier only (i.e., no notification will be sent to Buyer as this is an e-Invoice issued to general public). Consequently, there would not be any request for rejection from Buyer.
- The validated e-Invoice will serve as the Supplier's proof of income. Hence, the validated e-Invoice is not required to be shared with Buyer.

3.6.11 In relation to the consolidated e-Invoice, Supplier will be required to complete the required fields as outlined in Appendices 1 and 2 of the e-Invoice Guideline and complete the Buyer's details and certain transaction details using the following information:

Note: The above example is for illustration purposes only and are subject to changes.

Example 4

Same facts as in Example 3. On 28 July 2025, Muthu (Buyer) decided to request for an e-Invoice for his meal (receipt number: 12442) on 21 July 2025.

Muthu contacted Restoran XYZ (Supplier) to enquire on how to convert his receipt to an e-Invoice. As Restoran XYZ has provided a web portal / mobile application for this purpose, Muthu visited the web portal / mobile application (refer Section 3.8 of this e-Invoice Specific Guideline for more details) and provided his personal

details (refer Table 3.1 of this e-Invoice Specific Guideline) to obtain the e-Invoice.

The request on the issuance of e-Invoice should be made by Muthu latest by 31 July 2025 (i.e., within the month of the transaction).

Example 5

Wendy (Buyer) purchased badminton rackets and shuttlecocks from Hari-Hari Sukan Sdn Bhd (Supplier) on 30 September 2025. She has not requested for an e-Invoice upon check-out as she was running late for her class.

As Wendy was swarmed with errands and coursework, Wendy forgot to request for an e-Invoice from Hari-Hari Sukan Sdn Bhd's web portal on the same day of her purchase. She only requested for an e-Invoice on 1 October 2025.

In view that Wendy has not requested for an e-Invoice within the month of the transaction (i.e., latest by end of 30 September 2025), Hari-Hari Sukan Sdn Bhd may deny Wendy's request for issuance of e-Invoice for her purchase, based on the abovementioned guidance.

Since Hari-Hari Sukan Sdn Bhd has issued the consolidated e-Invoice for receipts issued in the month of September 2025, Hari-Hari Sukan Sdn Bhd rejected Wendy's request accordingly.

3.7 Certain activities that require e-Invoice to be issued for each transaction (i.e., consolidation of e-Invoice is not allowed)

3.7.1 For the purposes of e-Invoice, taxpayers undertaking certain activities or transactions are required to issue e-Invoice for each transaction with Buyers (refer to Table 3.5 of this e-Invoice Specific Guideline for exceptions). In other words, such taxpayers will be required to obtain the Buyer's details for the issuance of e-Invoice and will not be allowed to issue consolidated e-Invoice.

3.7.2 Currently, the activities or transactions of industries where e-Invoice is required to be issued for each transaction are as follows:

No	Industry / Activity	Types of activities / transactions where consolidated e-Invoice is not allowed
1	Automotive	<p>Sale of any motor vehicle</p> <p><i>Note that motor vehicle refers to a vehicle of any description, propelled by means of mechanism contained within itself and constructed or adapted to be capable of being used on roads, and includes a trailer</i></p>
2	Aviation	<ul style="list-style-type: none"> • Sale of flight ticket • Private charter
3	Luxury goods and jewellery	<p>Details will be released in due course</p> <p><i>Note that this is currently being put on hold until such time when the details are made available. Taxpayers are allowed to issue consolidated e-Invoice (in the event the buyers do not request for e-Invoice) until further notice</i></p>
4	Construction	<p>Construction contractor undertaking construction contract, as defined in the Income Tax (Construction Contracts) Regulations 2007</p>

No	Industry / Activity	Types of activities / transactions where consolidated e-Invoice is not allowed
5	Wholesalers and retailers of construction materials	<p>Sale of construction materials, regardless of volume sold</p> <p><i>Note that construction material is defined as any type, size and nature of material, initial, temporary, intermediate or finished whether manufactured locally or imported used for the purposes of construction industry as specified under the Fourth Schedule of Lembaga Pembangunan Industri Pembinaan Malaysia Act 1994</i></p>
6	Licensed betting and gaming	<p>Pay-out to winners for all betting and gaming activities</p> <p><i>Note that however pay-out to winners in relation to betting and gaming (i) in casino and (ii) from gaming machines are exempted from e-Invoice until further notice.</i></p>
7	Payment to agents / dealers / distributors	<p>Payments made to agents, dealers or distributors</p> <p><i>Pursuant to Section 83A(4) of the Income Tax Act 1967, “agent, dealer or distributor” refers to any person who is authorised by a company to act as its agent, dealer or distributor, and who receives payment (whether in monetary form or otherwise) from the company arising from sales, transactions or schemes carried out by him as an agent, dealer or distributor</i></p>

Table 3.6 – Activities that require e-Invoice to be issued for each transaction and consolidated e-Invoice would not be allowed

3.7.3 IRBM recognises the potential challenges in getting e-Invoice to be issued to individual Buyers for the types of activities / transactions listed in Table 3.5. In this regard, concession to individual Buyers has been provided by IRBM. Please refer to Section 3.5.4 of this e-Invoice Specific Guideline for further details.

3.7.4 [Notwithstanding the above, in relation to transactions with persons in Section 1.6.1 \(a\) of the e-Invoice Guideline, Suppliers are allowed to replace the Buyer's details with the information stated in Table 3.5 of this e-Invoice Specific Guideline.](#)

3.7.5 Suppliers are required to maintain supporting documents to substantiate that the said e-Invoice is related to persons mentioned in Section 1.6.1 of the e-Invoice Guideline.

3.8 Illustration of suppliers' options for e-Invoice issuance to Buyers

3.8.1 In facilitating the issuance of e-Invoice, there are various options for Suppliers to allow Buyers to request for e-Invoice at Buyer's convenience. The examples provided below allow Suppliers to accommodate Buyers' request for an e-Invoice immediately after the transaction or at a later date, subject to Buyers' preferences.

3.8.2 Note that the examples described below are suggestions provided for Suppliers' consideration. Suppliers are allowed to adopt and implement any method that are not mentioned in this section to comply with e-Invoice requirements and improve their customers' experience.

3.8.3 Figure 3.8 provides an overview of some of the methods for Suppliers to issue e-Invoice to Buyers, be it on the spot or post-transaction.

Figure 3.8 – Overview of methods for Suppliers to issue e-Invoice to Buyers

3.8.4 There are four (4) key scenarios to demonstrate the application of e-Invoice:

- 1. Online platform (Retailer Web Portal / Mobile App):** The Retailer Web Portal / Mobile App can be integrated with the IRBM MyInvois System to generate and validate the e-Invoice upon request.
- 2. Retailers' Point-of-sale (POS) system:** The Retailer's POS system can be integrated with the IRBM MyInvois System to generate e-Invoice in real-time. Buyers are required to provide their details (refer to Table 3.1 of this e-Invoice Specific Guideline) to the Retailer (Supplier) at the point of purchase to generate the e-Invoice upon request.

3. **MyInvois Mobile App:** Retailers without a Retailer App or POS system can utilise the MyInvois Mobile App to issue the e-Invoice to Buyers upon request. Retailers (Suppliers) will have to input the details required to issue an e-Invoice.
4. **Post-Transaction Request via Online Platform (Retailer Web Portal / Mobile App):** Buyers who did not request for an e-Invoice at the point of purchase can still request for one through the Web Portal or Mobile App developed by the Retailers (Suppliers).

3.8.5 The following summarises the Buyer’s journey based on the examples described.

1. **Online Platform (Retailer Web Portal / Mobile App)**

Figure 3.9 illustrates an example of the issuance process of e-Invoice through an online platform (Retailer Web Portal / Mobile App).

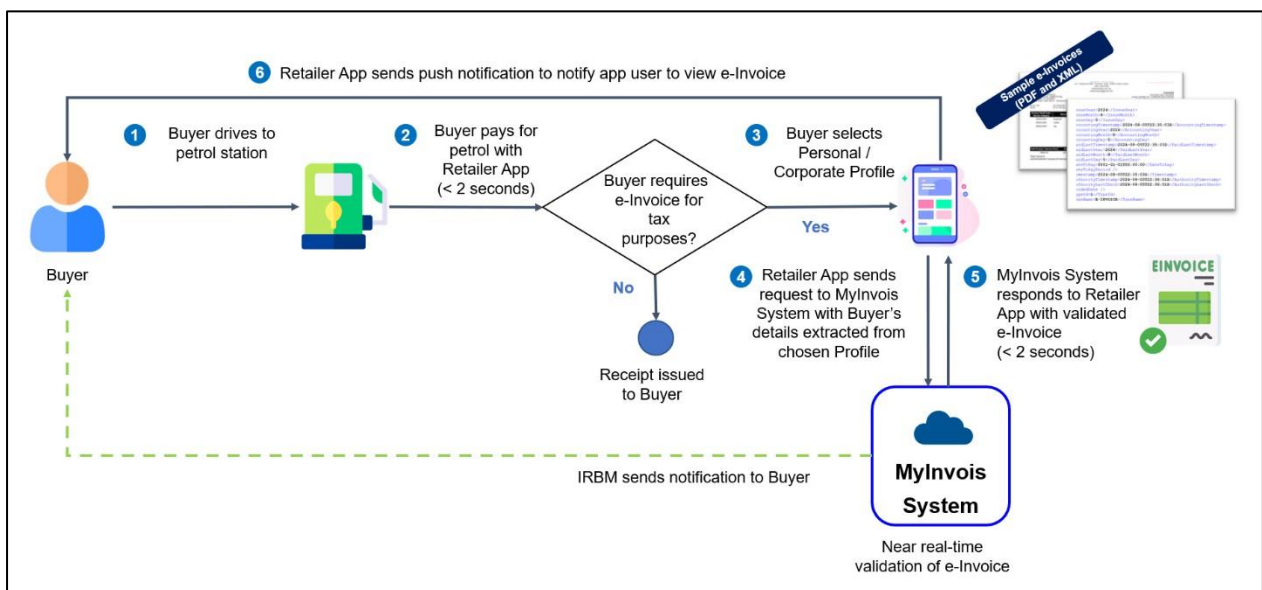

Figure 3.9 – Issuance process of e-Invoice through online platform (Retailer Web Portal / Mobile App)

Example Scenario:

The Buyer drives to a nearby petrol station to refuel their vehicle. At the station, the Buyer uses the Retailer Mobile App to conveniently pay for the desired amount of petrol and request for e-Invoice. The Retailer Mobile App allows Buyer to choose either Personal or Corporate profile, which contains the required Buyer's details for e-Invoice purposes (refer to Table 3.1 of this e-Invoice Specific Guideline). Upon confirmation of the details, the Retailer Mobile App sends a request to the MyInvois System to generate e-Invoice. In less than two (2) seconds, the API validates the e-Invoice and promptly responds to the Retailer Mobile App with a validated e-Invoice.

Once the validated e-Invoice is received from IRBM, the Retailer Mobile App sends a push notification to alert the app user to view the e-Invoice within the app.

Simultaneously, IRBM notifies the Buyer as soon as the e-Invoice is validated.

This seamless process ensures a smooth and efficient experience for online platform users.

2. Retailers' Point-of-Sale (POS) System

Figure 3.10 illustrates an example of the issuance process of e-Invoice through Retailer's POS system.

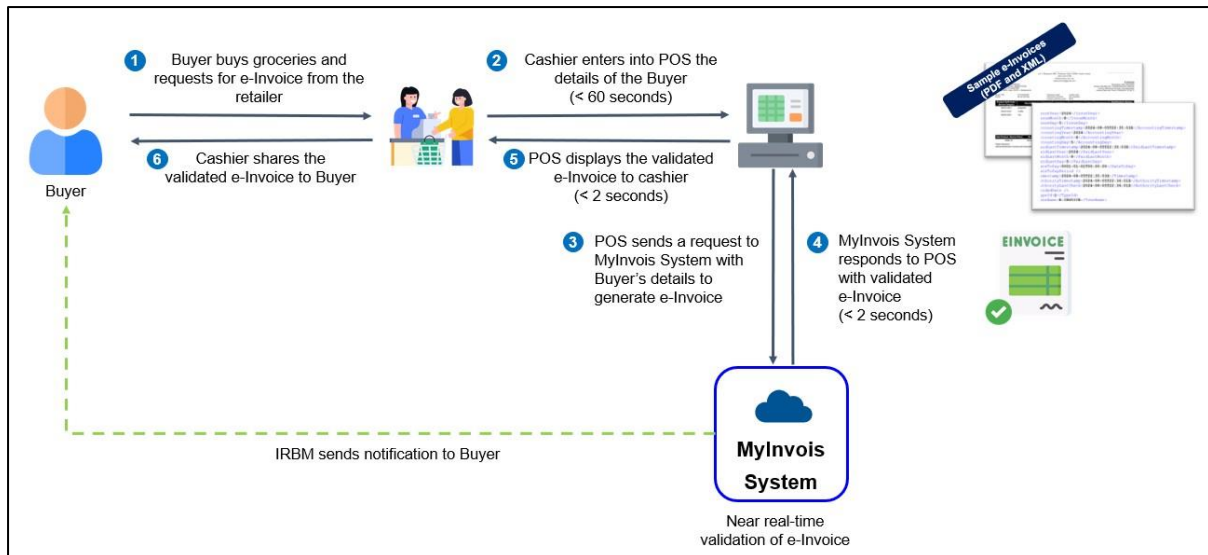

Figure 3.10 – Issuance process of e-Invoice through Retailer's POS system

Example Scenario:

The Buyer purchases groceries at a store and requests for an e-Invoice. The cashier scans the purchases using the POS System, as a business-as-usual-practice, and requests for the Buyer's details (refer to Table 3.1 of this e-Invoice Specific Guideline). The interaction duration of this process may take up to sixty (60) seconds. The POS system will then send a request to the MyInvois System with the Buyer's details to generate an e-Invoice. Once the e-Invoice is validated, the API responds to the POS with a validated e-Invoice in less than two (2) seconds. Simultaneously, IRBM notifies the Buyer as soon as the e-Invoice is validated.

The POS system displays the validated e-Invoice to the cashier to prove successful validation. Finally, the cashier shares the printed validated e-Invoice with the Buyer, completing the transaction process.

3. MyInvois Mobile App

Figure 3.11 illustrates an example of the issuance process of e-Invoice through MyInvois Mobile App.

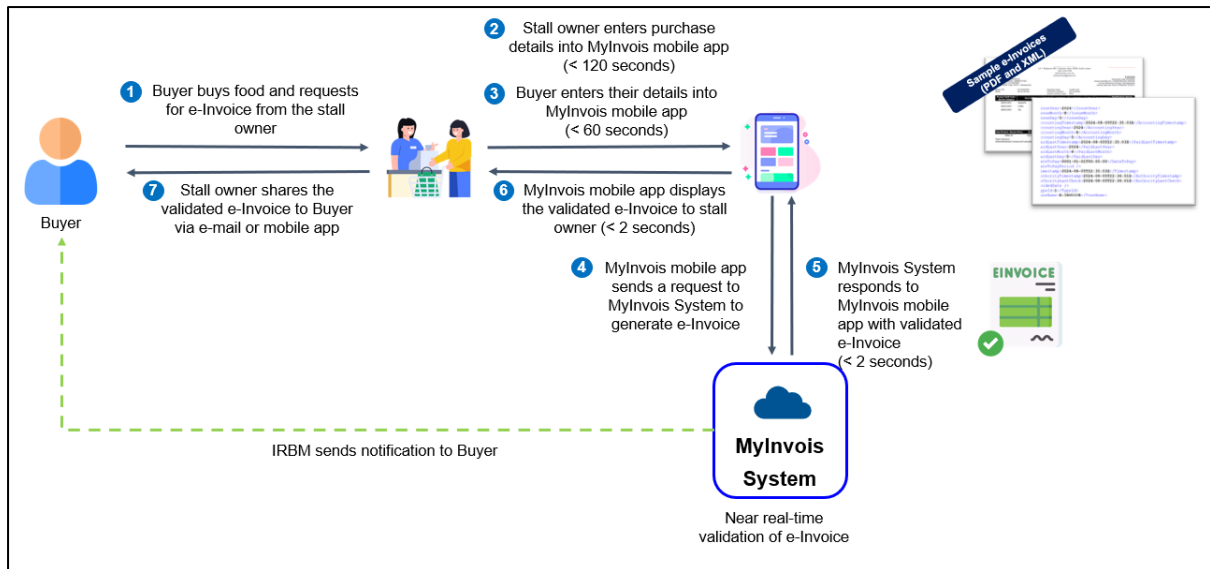

Figure 3.11 – Issuance process of e-Invoice for transactions through MyInvois Mobile App

Example Scenario:

The Buyer purchases food from a stall and requests for an e-Invoice from the stall owner. The stall owner inputs the purchase details into the MyInvois Mobile App to draft the e-Invoice. Thereafter, stall owner requests the Buyer to insert their details via the MyInvois Mobile App whilst the stall owner packs the food requested by Buyer. Once the Buyer has completed their details, the stall owner submits the e-Invoice to IRBM for validation. Once the e-Invoice is validated, the MyInvois System responds to the MyInvois Mobile App with a validated e-Invoice, taking less than two (2) seconds.

Simultaneously, IRBM notifies the Buyer as soon as the e-Invoice is validated.

The MyInvois mobile app then displays the validated e-Invoice to the cashier as a proof of a successful validation. Finally, the stall owner shares the validated e-Invoice to the Buyer via e-mail or mobile app, in which the Buyer may use the validated e-Invoice as proof of expense for tax purposes.

4. Retailers' Self-serve Web Portal / Mobile App (for e-Invoice that is not generated at the point of purchase / point of sale)

Figure 3.12 illustrates an example of the issuance process of e-Invoice that was not generated at the point of purchase / point of sale for transactions through Retailers' Web Portal / mobile app.

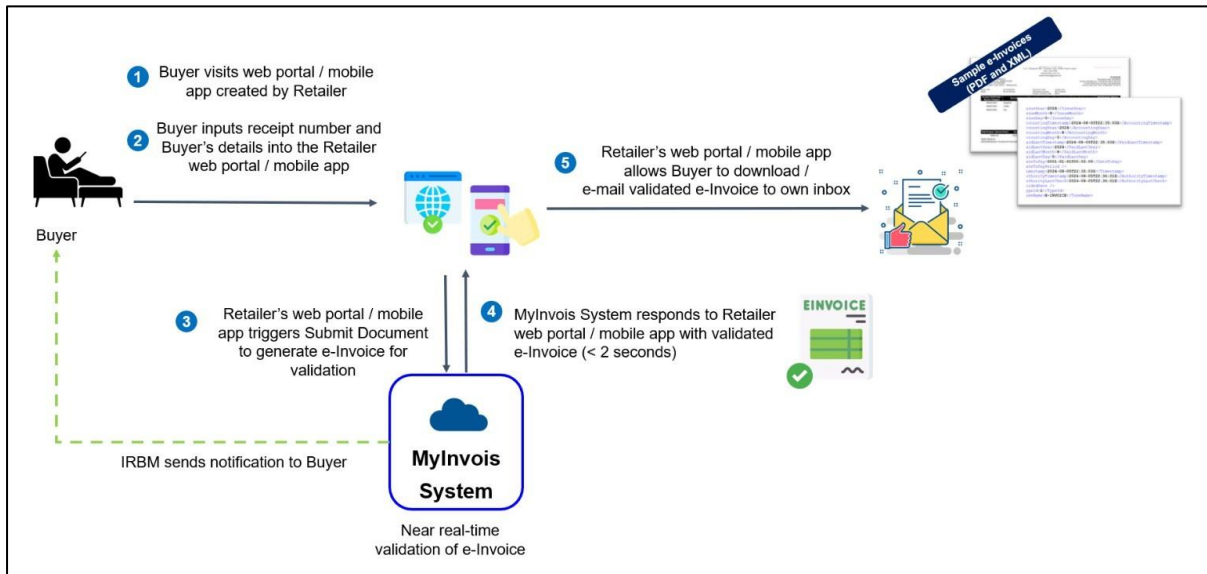

Figure 3.12 – Issuance process of e-Invoice through Retailers' Web Portal / Mobile App

Example Scenario:

The Buyer purchased sports equipment from a shop for personal consumption and a normal receipt has been issued by the shop, given that the Buyer has not requested for an e-Invoice during check-out. The Buyer later visits the Web Portal or Mobile App created by the retailer. The Buyer inputs the receipt number as well as Buyer's details (refer to Table 3.1 of this e-Invoice Specific Guideline) into the Retailer's Web Portal or Mobile App. Upon input, the Retailer's Web Portal or Mobile App sends a request to the MyInvois System with the Buyer's details to generate the e-Invoice for validation. The MyInvois System responds to the Retailer's Web Portal or Mobile App with the validated e-Invoice in less than two (2) seconds.

Simultaneously, IRBM notifies the Buyer as soon as the e-Invoice is validated.

The Retailer's Web Portal or Mobile App allows the Buyer to download or e-mail the e-Invoice to their own inbox, which allows the Buyer to use the validated e-Invoice as proof of expense for tax purposes.

4. STATEMENTS OR BILLS ON A PERIODIC BASIS

4.1 Currently, certain businesses / industries / sectors practice the issuance of statements or bills to record multiple transactions between Supplier and Buyer (e.g., businesses, customers, etc.) over a set period of time (e.g., monthly, bi-monthly, quarterly, bi-annually, annually), instead of issuance of individual invoices for each transaction. These industries / sectors include but not limited to:

- (a) Digital / Electronic payment
- (b) Financial services, including banking and financial institutions
- (c) Healthcare
- (d) Insurance
- (e) Stockbroking
- (f) Telecommunications

4.2 Issuance of e-Invoice to Buyer

4.2.1 Currently, businesses (Supplier) who issue statements / bills to customers (Buyer) would have included the amount owed by Buyers to the Supplier (e.g., transaction charges). The statements / bills may also include adjustments to prior period's statements / bills and payments / credit to Buyers (e.g., rebate).

4.2.2 Upon the implementation of e-Invoice, Suppliers are required to issue e-Invoice as proof of income and/or proof of expense for items that are shown in the statement / bill. In other words, Suppliers are allowed to include the amount owing by Buyers to the Supplier as well as payment / credit to Buyers in the same e-Invoice.

4.2.3 To minimise business disruption, IRBM allows Suppliers that issue statement / bill on a periodic basis to issue e-Invoice in the format of XML or JSON for IRBM's validation and convert the validated e-Invoice into visual presentation in the form of statements / bills, to be sent to Buyers.

4.2.4 For the purpose of transmitting e-Invoice in XML / JSON file to IRBM, the e-Invoice would only be limited to the income and expense of the Supplier.

4.2.5 Supplier is allowed to create and submit e-Invoice for IRBM's validation in accordance with their respective issuance frequency (e.g., monthly, bi-monthly, quarterly, bi-annually, annually).

4.2.6 The steps involved for issuance of an e-Invoice to Buyer are as follows:

Step 1: Supplier seek confirmation from Buyer if an e-Invoice is required.

Step 2: If the Buyer confirmed that an e-Invoice is required, the Buyer is then required to furnish the Supplier with the required information to facilitate the issuance of e-Invoice (refer Table 3.1 of this e-Invoice Specific Guideline for further details).

Step 3: The Supplier is required to complete the remaining required fields as outlined in Appendices 1 and 2 of e-Invoice Guideline.

The process of issuing an e-Invoice is similar to the e-Invoice workflow as discussed in Section 2.3 (e-Invoice model via MyInvois Portal) and Section 2.4 (e-Invoice model via API) of the e-Invoice Guideline.

Step 4: The validated e-Invoice can be used as the Supplier's proof of income and/or expense while the validated e-Invoice that is being visually presented in the form of statements / bills to Buyer can be used as Buyer's proof of expense and/or income, to substantiate a particular transaction for tax purposes.

4.2.7 In facilitating a more efficient e-Invoice issuance process as well as to ease the burden of individuals in providing TIN and identification number details, IRBM provides a concession to individuals. Please refer to Section 3.5.4 to Section 3.5.7 of this e-Invoice Specific Guideline for further details.

4.2.8 The information required to be included in the e-Invoice are as per the required data fields outlined in Appendices 1 and 2 of the e-Invoice Guideline. The following details would assist the Supplier in issuing the e-Invoice:

No	Data field	Details to be included by Supplier in e-Invoice	Additional Remarks

Example 6

Jenny has been a loyal subscriber of Delca Telco Sdn Bhd's postpaid plan for years. In appreciation of the Jenny's loyalty, Delca Telco Sdn Bhd has decided to provide a RM10 monthly rebate for a period of 24 months.

Delca Telco Sdn Bhd is required to include the RM10 monthly rebate in the e-Invoice, where it will be visually represented in the format of statement / bill, issued to Jenny, along with the monthly plan commitment fee payable by Jenny.

Example 7

Envisage Telco Sdn Bhd (ETSB) issues a monthly statement to their customers to bill them for telecommunication charges incurred for the previous month. Rajesh, one of ETSB's customers has requested for an e-Invoice as a proof of expense for tax purposes. ETSB has created and submitted e-Invoice to IRBM for validation. Once validated, ETSB has converted the e-Invoice into visual presentation form of statement before sharing the e-Invoice with Rajesh.

Figure 4.1 provides an example of a visual presentation of e-Invoice in the form of statement.

Note: The above examples are for illustration purposes only and are subject to changes.

4.3 Issuance of consolidated e-Invoice for Buyers who do not require e-Invoice

4.3.1 In the case where a Buyer does not require an e-Invoice, Supplier will issue a normal statement / bill to Buyer (same as current business practice, in which such information included in statement / bill will not be required to submit for IRBM's validation).

4.3.2 Supplier is allowed to aggregate statements / bills in accordance with the current issuance period for statements / bills for the respective businesses.

4.3.3 Upon aggregation of statements / bills, Supplier is required to create and submit a consolidated e-Invoice to IRBM for validation, within seven (7) calendar days after the end of the billing month.

4.3.4 In summary, where a Buyer does not require for an e-Invoice to be issued, the steps involved for issuance of a consolidated e-Invoice are as follows:

Step 1: Supplier seek confirmation from Buyer if an e-Invoice is required.

Step 2: If the Buyer confirmed that no e-Invoice is required, Supplier would continue to issue statement / bill to the Buyer (same as current business practice).

Step 3: Within seven (7) calendar days after end of the billing month, Supplier will retrieve all the statements / bills that were issued for the previous billing month and issue a consolidated e-Invoice as proof of Supplier's income and expense.

Step 4: The Supplier will issue the consolidated e-Invoice as per the required fields as outlined in Appendices 1 and 2 of e-Invoice Guideline.

The process of issuing a consolidated e-Invoice is similar to the e-Invoice workflow as discussed in Section 2.3 (e-Invoice model via MyInvois Portal) and Section 2.4 (e-Invoice model via API) with the following exception:

- Once the consolidated e-Invoice has been validated, IRBM will send notification to the Supplier only (i.e., no notification will be sent to Buyer as this is an e-Invoice issued to general public). Consequently, there would not be any request for rejection from Buyer.

4.3.5 The validated e-Invoice will serve as the Supplier’s proof of income and expense. Hence, the validated e-Invoice is not required to be shared with Buyer.

4.3.6 The information required to be included in the consolidated e-Invoice are as per the required data fields outlined in Appendices 1 and 2 of the e-Invoice Guideline. The following details would assist the Supplier in issuing the consolidated e-Invoice:

No	Data field	Details to be included by Supplier in consolidated e-Invoice	Additional Remarks
1	Buyer’s Name	Name of Buyer	Supplier to input “ General Public ” in the consolidated e-Invoice
2	Buyer’s TIN	TIN of Buyer	Supplier to input “ EI0000000010 ” in the consolidated e-Invoice

No	Data field	Details to be included by Supplier in consolidated e-Invoice	Additional Remarks
3	Buyer's Registration / Identification Number / Passport Number	Details of registration / identification number / passport number	Supplier to input "NA"
4	Buyer's Address	Address of Buyer	Supplier to input "NA"
5	Buyer's Contact Number	Telephone number of Buyer	Supplier to input "NA"
6	Buyer's SST Registration Number	SST registration number of Buyer	Supplier to input "NA"
7	Description of Product / Services	Details of products or services being billed for as a result of commercial transaction with Buyers	<p>IRBM allows the Suppliers to adopt one (or a combination) of the following methods:</p> <p>(a) Summary of each statement / bill is presented as separate line items</p> <p>(b) List of statements / bills (in a continuous statements / bills reference number) is presented as line items (i.e., where there is a break of statements / billed reference number chain, the next chain</p>

No	Data field	Details to be included by Supplier in consolidated e-Invoice	Additional Remarks
			<p>shall be included as a new line item)</p> <p>(c) Branch(es) or location(s) will submit consolidated e-Invoice, adopting either (a) or (b) above for the statements / bills issued by the said branch(es) or location(s)</p> <p>Note that for any method adopted by businesses, the statement / bill reference number for each transaction are required to be included under this field in the consolidated e-Invoice</p>

*Table 4.2 – Details to be input by Supplier for issuance of consolidated e-Invoice
(aggregation of statements / bills)*

4.3.7 Note that regulated industries e.g., financial institutions, payment systems and other relevant entities are not required to disclose the statement / bill reference number in the consolidated e-Invoice.

5. DISBURSEMENT OR REIMBURSEMENT

- 5.1 Reimbursements refers to out-of-pocket expenses incurred by the payee in the course of rendering services or sale of goods to the payer (i.e., Buyer), which are subsequently reimbursed by the payer. Such expenses include the cost of airfare, travelling, accommodation, telephone and photocopying charges.
- 5.2 Disbursements are out-of-pocket expenses incurred by the payer (i.e., buyer) and paid to a third party (on behalf of the payer) by the payee in connection with services rendered or sale of goods by the payee to the payer.
- 5.3 Currently, Suppliers would include the reimbursement and disbursement in their invoices to the buyers.
- 5.4 The following terminologies have been adopted to ease the understanding of the scenario discussion in Section 5.5 and 5.6.
- 'Supplier 1' represents the first supplier; and
 - 'Supplier 2' represents the third party / intermediary.

5.5 Scenario 1: Supplier 1 issues e-Invoice to Buyer

Figure 5.1 – Scenario where Supplier 1 issues e-Invoice to Buyer

- 5.5.1 Supplier 1 issues an e-Invoice directly to Buyer for the goods sold or services rendered to Buyer. Subsequently, Supplier 2 made payment to Supplier 1 to settle the said e-Invoice issued to Buyer, in accordance with the arrangement agreed between Supplier 2 and Buyer.
- 5.5.2 Accordingly, Supplier 2 will issue an e-Invoice to Buyer for the goods sold or service rendered by Supplier 2.
- 5.5.3 As Supplier 1 has issued an e-Invoice to Buyer, the same should not be included in the e-Invoice issued by Supplier 2 to Buyer.
- 5.5.4 The steps involved for the issuance of e-Invoice for the scenario above are as follows:

Step 1: Supplier 2 entered into an agreement with Buyer for supply of goods or provision of services. As part of the arrangement, Supplier 2 will make payment on behalf of Buyer to settle any expenses incurred during the contract period.

Step 2: Upon concluding a sale or transaction, Supplier 1 will issue an e-Invoice directly to the Buyer as per the required fields as outlined in Appendices 1 and 2 of e-Invoice Guideline and submit it to IRBM for validation.

The process of issuing an e-Invoice is similar to the e-Invoice workflow as discussed in Section 2.3 (e-Invoice model via MyInvois Portal) and Section 2.4 (e-Invoice model via API) of e-Invoice Guideline.

Step 3: Supplier 2 will make payment on behalf of Buyer to Supplier 1 to settle the outstanding amount. Supplier 1 will issue payment proof to Supplier 2 for the settlement.

Step 4: Supplier 2 will issue an e-Invoice to the Buyer for the goods supplied or services rendered by Supplier 2 to

Buyer (the process of issuing e-Invoice is similar to Step 2 above). Supplier 2 should neither include the payment made on behalf of Buyer in Supplier 2's e-Invoice nor issue an additional e-Invoice for it.

Supplier 2 provides payment proof to the Buyer to recover the payment made to Supplier 1 on behalf of the Buyer.

Example 8

Perniagaan Adibah appointed an event planner to launch their latest product on 9 October 2024. On 1 October 2024, the event planner sourced for flowers from a florist for decoration. The florist has issued an e-Invoice directly to Perniagaan Adibah for the flowers supplied on 7 October 2024.

As agreed in the service contract, event planner will make payment on behalf of Perniagaan Adibah to settle any outstanding amount incurred and recover the same from Perniagaan Adibah at a later date. On 8 October 2024, the event planner paid RM4,000 to the florist on behalf of Perniagaan Adibah for the flowers purchased.

On 12 October 2024, the event planner issues an e-Invoice to Perniagaan Adibah for services rendered. The event planner should only include the service fee in the e-Invoice to Perniagaan Adibah, along with the other charges. However, the RM4,000 paid on behalf should not be included in the event planner's e-Invoice.

For the purposes of recovering the RM4,000 paid on behalf of Perniagaan Adibah to the florist, the event planner provides a copy of the payment proof to Perniagaan Adibah.

Example 9

DEF Company Sdn Bhd (DEF) is a subsidiary of ABC Company Sdn Bhd (ABC). On 1 September 2024, HR Hiring Sdn Bhd has provided recruitment services to DEF amounting to RM10,000 and an e-Invoice has been issued by HR Hiring Sdn Bhd to DEF.

As DEF is tied on cashflow, ABC has paid, on behalf of DEF, RM10,000 to HR Hiring Sdn Bhd and records an amount owing from DEF in its accounting books. Subsequently, DEF has repaid the amount owing to ABC (i.e., RM10,000) on 31 December 2024.

There is no requirement for an e-Invoice to be issued by:

- (a) HR Hiring Sdn Bhd to ABC; and
- (b) ABC to DEF,

as there is no sale or transaction being concluded between the said parties.

In any event if ABC charges certain intercompany fee to DEF for payment made on behalf arrangement, an e-Invoice is required to be issued by ABC to DEF for proof of income (for ABC) and proof of expense (for DEF).

5.6 Scenario 2: Supplier 1 issues e-Invoice to Supplier 2

Figure 5.2 – Scenario where Supplier 1 issues e-Invoice to Supplier 2

- 5.6.1 Supplier 1 issues an e-Invoice to Supplier 2 for the goods sold or services rendered intended for Buyer. Supplier 2 makes payment to Supplier 1, according to the arrangement agreed between Supplier 2 and Buyer.
- 5.6.2 Accordingly, Supplier 2 will issue a separate e-Invoice to Buyer to record the amount incurred on behalf of Buyer alongside with the goods sold or service rendered by Supplier 2, in which these will be presented as separate line items in the e-Invoice (i.e., one line for service fee charges and another line for disbursement / reimbursement).
- 5.6.3 The steps involved for issuance of e-Invoice for the scenario above are as follows:

Step 1: Supplier 2 entered into an agreement with Buyer for supply of goods or provision of services. As part of the arrangement, Supplier 2 will make payment on behalf of Buyer to settle any expenses incurred during the contract period.

Step 2: Upon concluding a sale or transaction, Supplier 1 will issue an e-Invoice to Supplier 2 as per the required fields as outlined in Appendices 1 and 2 of e-Invoice Guideline and submit it to IRBM for validation.

The process of issuing an e-Invoice is similar to the e-Invoice workflow as discussed in Section 2.3 (e-Invoice model via MyInvois Portal) and Section 2.4 (e-Invoice model via API) of e-Invoice Guideline.

Step 3: Supplier 2 will make payment to Supplier 1. Supplier 1 will issue payment proof to Supplier 2 for the settlement.

Step 4: Supplier 2 will issue an e-Invoice to the Buyer (similar as per Step 2 above) to record the amount incurred on behalf

of Buyer (e.g., disbursement / reimbursement) alongside with the goods sold or service rendered by Supplier 2, which will be presented as separate line items in the e-Invoice.

Example 10

Same facts as in Example 8, except that now the event planner has incurred RM30,000 to rent a hotel banquet hall for the product launch event. An e-Invoice has been issued by the hotel to the event planner.

The event planner will issue an e-Invoice to charge Perniagaan Adibah for the service provided as well as to recover the rental of hotel banquet hall. Separate line items will be presented in the e-Invoice issued by the event planner for the service fee and hotel banquet hall rental.

6. EMPLOYMENT PERQUISITES AND BENEFITS

- 6.1 An individual under a contract of service (i.e., employment) may be provided with employee benefits by his / her employer. Employee benefits may include benefits in cash or in kind that are received by an employee from the employer or third parties in respect of having or exercising the employment, such as:
- (a) Employees' pecuniary liabilities (e.g., utility bills, parking fees, and car maintenance charges)
 - (b) Club membership
 - (c) Gym membership
 - (d) Professional subscriptions
 - (e) Allowances (e.g., travelling allowance, petrol allowance or toll rate, parking rate / allowance, meal allowance)
- 6.2 Currently, employees are required to submit their expense claims to their employers.
- 6.3 Where employees are allowed to claim such expenses from his / her employer, employees are required to prove the authenticity of such expense with supporting documents (e.g., bills, receipts, invoices, statements, payment slips, etc.). As such, the expenses claimed by employees would be recorded as the employer's expense and reported for tax purposes.
- 6.4 Upon implementation of e-Invoice, when a sale or transaction is concluded, employees are required to request for the e-Invoices to be issued to their employer for proof of expense, to the extent possible.
- 6.5 IRBM recognises the potential challenges in getting e-Invoice to be issued in the name of the employer (as Buyer). In this regard, the IRBM provides the following concession:

- (a) Businesses will be allowed to proceed with the use of e-Invoice issued in the name of the employee or existing supporting documentation to support the particular transactions as proof of expense for tax purposes.
- (b) In the event where payment in relation to perquisite and benefit is made to foreign suppliers, both employer and employee are not required to issue a self-billed e-Invoice. As such, IRBM will accept foreign supplier's receipts / bills / invoices or existing supporting documentation as a proof of expense.

This exception will only be applicable if the perquisites and benefits are clearly stated in the employer's policy.

6.6 The steps involved for the scenario above are as follows:

Step 1: For any expense claim to be made by employees, employees should first seek confirmation with the Supplier if the e-Invoice can be issued in the name of the employer (as Buyer).

Step 2: Where an e-Invoice can be issued to the employer, the employees should provide the details of the employer in order for the e-Invoice to be issued to the employer.

Where Step 1 is not possible, the employees should provide their personal details to the Supplier for issuance of e-Invoice to the employee (as Buyer).

Step 3: Payment will be made by the employees upon receiving the validated e-Invoice from the Supplier.

Step 4: Employees submit their expense claim by submitting the validated e-Invoice (be it issued in the name of the employer or employee) as supporting document to the employer.

7. CERTAIN EXPENSES INCURRED BY EMPLOYEE ON BEHALF OF THE EMPLOYER

- 7.1 An individual under a contract of service (i.e., employment) may incur certain expenses on behalf of the employer. Such expenses include, but not limited to, accommodation, toll, mileage, parking, telecommunication expenses, expenses incurred in a foreign country.
- 7.2 Currently, employees are required to submit their expense claims to their employers by proving the authenticity of such expense with supporting documents (e.g., bills, receipts, invoices, statements, payment slips, etc.).
- 7.3 Upon implementation of e-Invoice, when a sale or transaction is concluded, employees are required to request for the e-Invoices to be issued to their employer for proof of expense, to the extent possible.
- 7.4 However, IRBM acknowledges that there may be difficulties in getting the e-Invoice to be issued in the name of the employer (as Buyer) for certain expenses. In this regard, the IRBM provides the following concession:
- (a) Businesses will be allowed to proceed with the use of e-Invoice issued in the name of the employee or existing supporting documentation to support the particular transactions as proof of expense for tax purposes.
 - (b) In the event where employees paid for expenses incurred overseas, both employer and employee are not required to issue a self-billed e-Invoice. As such, IRBM will accept the foreign bills / receipts / invoices or existing supporting documentation as a proof of expense.
- 7.5 Note that this exception will only be applicable if the employer is able to prove that the employee is acting on the employer's behalf in incurring the expenses.

7.6 The steps involved for the scenario above are as follows:

Step 1: For any expense claim to be made by employees, employees should first seek confirmation with the Supplier if the e-Invoice can be issued in the name of the employer (as Buyer).

Step 2: Where an e-Invoice can be issued to the employer, the employees should provide the details of the employer in order for the e-Invoice to be issued to the employer.

Where Step 1 is not possible, the employees should provide their individual details to the Supplier for issuance of e-Invoice to the employee (as Buyer).

Step 3: Payment will be made by the employees upon receiving the validated e-Invoice from the Supplier.

Step 4: Employees submit their expense claim by submitting the validated e-Invoice (be it issued in the name of the employer or employee) as supporting document to the employer.

8. SELF-BILLED E-INVOICE

- 8.1 When a sale or transaction is concluded, an e-Invoice is issued by Supplier to recognise income of the Supplier (proof of income) and as a record for purchases made / spending by Buyer (proof of expense).
- 8.2 However, there are certain circumstances where another party (other than the Supplier) will be required to issue a self-billed e-Invoice.
- 8.3 For e-Invoice purposes, Buyer shall issue self-billed e-Invoices for the following transactions:
- (a) Payment to agents, dealers, distributors, etc. (refer to Section 9 of this e-Invoice Specific Guideline for further details)
 - (b) Goods sold or services rendered by foreign suppliers (refer to Section 10.4 of this e-Invoice Specific Guideline for further details)
 - (c) Profit distribution (e.g., dividend distribution) (refer to Section 11 of this e-Invoice Specific Guideline for further details)

 - (f) Transactions with individuals (who are not conducting a business) (applicable only if the other self-billed circumstances are not applicable)
 - (g) Interest payment, except:
 - i. Businesses (e.g., financial institutions, etc.) that charge interest to public at large (regardless of whether they are businesses or individuals);
 - ii. Interest payment made by employee to employer; and
 - iii. Interest payment made by foreign payor to Malaysian taxpayers.

¹ Pay-outs to winners in relation to betting and gaming (i) in casino and (ii) from gaming machines (refer to Table 3.5 of this e-Invoice Specific Guideline) are exempted from self-billed e-Invoice until further notice.

Note that the Supplier is required to issue e-Invoice for exceptions mentioned above.

- (h) Claim, compensation or benefit payments from the insurance business of an insurer

Example 11

Ahmad is a full-time employee of Syarikat ABC. On 1 November 2024, he decided to sell his gaming console to IT Computer Sdn Bhd.

As Ahmad is an individual who is not conducting a business, IT Computer Sdn Bhd is required to assume the role of Supplier and issue self-billed e-Invoice for the purchase of gaming console from Ahmad.

Example 12

Saloma, a primary school teacher, has inherited a vacant land from her grandparents. Since then, she receives income from renting the vacant land to XYZ Enterprise. Note that Saloma does not provide maintenance or support services for the land rented to XYZ Enterprise.

As Saloma is an individual who is not conducting a business, XYZ Enterprise is required to assume the role of Supplier and issue a self-billed e-Invoice to Saloma.

Example 13

Farhan is an employee of Perniagaan Nusa Kasih where he is generally responsible to arrange for client meetings.

On 29 May 2025, Farhan has purchased cupcakes from Mak Cik Rosa, who runs a small roadside stall nearby Perniagaan Nusa Kasih, as tea-time refreshment for a client meeting. Mak Cik Rosa has provided Farhan a handwritten receipt as she has yet to be mandated to issue e-Invoice.

Perniagaan Nusa Kasih is not required and not allowed to issue self-billed e-Invoice for the said expense and may continue to use the handwritten receipt provided by Mak Cik Rosa to substantiate for tax purposes.

Upon full implementation of e-Invoice on 1 July 2025, Mak Cik Rosa is required to issue e-Invoice for all of her sales (either individual or consolidated e-Invoice) and submit for IRBM's validation.

Example 14

Best Mesra Sdn Bhd has rented a new office space which is owned by three (3) individuals, namely Kamal, Cheng and Sunita.

From Best Mesra Sdn Bhd's discussions with the landlords, Best Mesra Sdn Bhd understands that the landlords are individuals who do not conduct business.

As such, Best Mesra Sdn Bhd is required to assume the role of Supplier and issue separate self-billed e-Invoices to each individual property owners based on their agreed proportion.

Example 15

Adi has secured a mortgage loan from Bank Primaras, where he is subjected to a fixed annual interest rate of 3.75%. Adi will make an instalment payment to Bank Primaras on a monthly basis. This instalment is made up of two components: interest and principal.

In view that Adi is an individual making interest payment on loan to bank, Bank Primaras is required to issue e-Invoice to Adi for the instalment in relation to mortgage loan, in accordance with the exception provided under Section 8.3(g)(i) of this e-Invoice Specific Guideline.

Bank Primaras is required to issue the e-Invoice in XML / JSON format for the purposes of IRBM validation. Thereafter, Bank Primaras may

generate a visual representation of the validated e-Invoice (in the form of statements / bills) for the purpose of sharing the e-Invoice with Adi.

Example 16

Cee Sdn Bhd has obtained RM10 million loan for business purpose from its holding company, Beeny Sdn Bhd. Beeny Sdn Bhd charges an arm's length interest to Cee Sdn Bhd.

In line with Section 8.3(g) of this e-Invoice Specific Guideline, Cee Sdn Bhd is required to assume the role of Supplier and issue self-billed e-Invoice for the interest paid to Beeny Sdn Bhd.

- 8.4 Where a Buyer is required to issue a self-billed e-Invoice, the Buyer will assume the role of the Supplier to be the issuer of e-Invoice and submits it to IRBM for validation. Upon validation, Buyer would be able to use the validated e-Invoice as a proof of expense for tax purposes. As such, the other party is no longer required to issue an e-Invoice where a self-billed e-Invoice has been issued for the particular transaction.
- 8.5 As the Buyer is required to assume the role of Supplier and issue self-billed e-Invoice, the Buyer is obliged to share validated self-billed e-Invoice with the Supplier upon validation.

Where the Buyer submits the self-billed e-Invoice for IRBM's validation via MyInvois Portal, the visual representation of the self-billed e-Invoice generated from the MyInvois Portal will include a QR code, which can be used to validate the existence and status of the e-Invoice via the MyInvois Portal.

Where the Buyer submits the self-billed e-Invoice for IRBM's validation via API transmission, in the event the Buyer shares the visual representation of the self-billed e-Invoice to the Supplier, the Buyer is required to ensure that the QR code is embedded accordingly prior to sharing it with the Supplier.

However, the IRBM acknowledges that there may be practical challenges in sharing the validated self-billed e-Invoice with the Supplier. Therefore, until further notice, the IRBM provides a concession allowing the Buyer to share either the validated self-billed e-Invoice or a visual representation of the validated self-billed e-Invoice with the Supplier.

8.6 For the purposes of self-billed e-Invoice, the parties of the e-Invoice are as follows:

Please refer to Section 3.5.4 of this e-Invoice Specific Guideline for further details.

8.8 In the event the individual Supplier provides either TIN or MyKad / MyTentera identification number (instead of both), the Buyer should input the following details for self-billed e-Invoice purposes.

Figure 9.1 – General overview of a business involving agent, dealer or distributor

9.3 Issuance of e-Invoice from Seller to Purchaser

9.3.1 When a Purchaser acquires goods or services from the Seller through an Agent / Dealer / Distributor, Seller is required to issue an e-Invoice to the Purchaser to record the transaction.

9.3.2 For the purposes of e-Invoice issuance, the roles of both parties would be as follows:

- (a) Supplier: Seller
- (b) Buyer: Purchaser

9.3.3 Where the Purchaser does not request for an e-Invoice to be issued, Seller will issue a normal receipt to the Purchaser. Subsequently, Seller is required to issue a consolidated e-Invoice, aggregating all receipts issued for the prior month, for proof of income within seven (7) calendar days after the month-end.

9.3.4 The process of issuing an e-Invoice to Purchaser is similar to the issuance of e-Invoice under Section 3.5 of this e-Invoice Specific Guideline (for Purchaser who requires an e-Invoice) and Section 3.6 of this e-Invoice Specific Guideline (for Purchaser who does not require an e-Invoice) above.

9.4 Issuance of self-billed e-Invoice from Seller to Agent / Dealer / Distributor

9.4.1 Upon concluding a sale or transaction, the Agent / Dealer / Distributor is eligible to receive a payment or any other incentive (whether in monetary form or otherwise) from the Seller (e.g., commission). 9.4.2 For the purpose of self-billed e-Invoice issuance, the roles of both parties would be as follows:

9.4.3 The process of issuing a self-billed e-Invoice is similar to the detailed e-Invoice workflow as provided under Section 2.3 and Section 2.4 of the e-Invoice Guideline.

9.4.4 In facilitating a more efficient e-Invoice issuance process as well as to ease the burden of individual Suppliers in providing TIN and identification number details, IRBM provides a concession to individual Suppliers.
